Redirecting you to voicemail ... After "Pi" sound, please leave your message.

Mr. Park Je-Ik? I am not sure whether you remember me ...

We've met before at Go-Soang industry, I im James Leak from Jomi trade.

I haven't told you but you do know what my real job is, do you not ?

And I am sad that I am unable to reach you right now ... This is a crucial moment, you see.

Our order is to protect Pyongyang at all cost !

Attack ! We must reach Pyongyang !

Listen well, Mr. Park

And do tell your uncle about it.

Listen ...

Few hours ago,
Kim Jong-Il passed away
in Pyongyang.

My apologies.
I will take it again.

We understand.
We've spent a whole
night and understandably
our executive officer
from the Blue house
is tired.

However,
I do kindly ask you to
take a good picture. After
all, the picture will go
into the history
books.

Heh ... Indeed.
We are counting
on you,
officer Park.

Yes, of course.
I am taking it now.

팟

Yes... I've talked
to the president.
We are heading to the
airport right now.

We are booked for
7am flight. We will head
straight to the Blue
house

Park Ji-ik, are you kidding
me ? A disposable camera?!
You took such an important
picture with a disposable
camera!?

Didn't I tell you
to prepare a state of
art digital camera
made in Korea?

I apologize. We were
in such a rush that I didn't
check its battery...

This is all they had
at the hotel shop.

Meh, whatever..
Well, we will be
taking their pictures
often anyway...

Do make sure it's
secure since it's
classified for now

Have they decided on the date ?

They are wanting it make it official by National Liberation Day. It's only a week away, so that's not gonna happen...

They were very impatient... I guess we share common root after all.

Oct 3rd! Even that was hard to arrange. Well, it's a holiday, so it will be easier to control the general populace.

But even that date has a big condition..

Bombardment of Yeonpyeong....

They know better than us that they cannot just let it pass by if they want the deal to succeed...

If their ego does not permit them to make a formal public apology... then they will have to do it unofficially

Assassination of those involved in the incident
A republic style so to speak

So, unless the four people responsible for the attack are dead, this deal won't go anywhere.

They know that and, for them, they are only obstacles, so it's pretty much done deal.

Has the president woken up yet ?

I called him. By sound of his voice, he was waiting for my call the whole night

Heh. I don't blame him for not being able to sleep.

This will be the first Inter-Korean Summit in 6 years.

Once we go back, we won't have time for vacations for a while..

Rrrrrrrr

Huh ?! Ie-ik ...

I am ...
I am late !

Where are you? In Beijing still?

No, I arrived at Incheon just now.

Are you coming home ?

No, I have to go to the Blue house.

I should be able to go home this evening. Get ready to go to work ...

To the Blue house please

Alright, see you.

Ah, wait ! Say hello to the baby !

!

He hasn't seen his dad for days, you know.

Hello, baby did you miss me?

I will be home this evening, to see you.

So, wait for me a little bit,ye

Don't push your mom too much, kiddo.

Yes you going to the company or to straight to work site?

I am going to the company today and to the work sight tomorrow.

You are coming home for sure, right? I am about to forget your face.

Sure, I hear you. I will be home early

Social Vein backs!

Over five years a w e a t h e r r e p o r t . T h e storm Marlene has landed on Jeju Isle.

Typhoon Storm Marlene is the strongest storm ever recorded in the Jeju Island area since 1959 and Lion Storm 3003.
The storm Lion poured 870mm of rain on us and caused over 3 billion won in damage.
The storm Sarah had objected 3,300 people back in 1053.

Mirrow is severely North bound at 25km/h.

What the hell... Look at this time...

I'm on the Blue house only because of his background...
Who does he think he is? Making a chief officer of MS warrant Affair..
Hmm... MS ?

It's been seeing him since early this morning. What do you want to do?
Someone from Electrical Intelligence service wants to see you
Executive officer Park !

The technology is developing way too rapidly nowadays.

It's becoming harder and harder for old people like us to catch spies who use technologies. Speaking of which, what kind of phone do you use, sir ?

I use an old-fashioned phone for only calls and text ... It looks like I left it at my office.

I will wait. Please go get it. Not having your phone with you is like not cleaning your butt after you poop.

No... It's alright. Let's hear it.

The name's Park Je-ik. Born in 1980... so, he's 34 years old now.

He was born in Daegu and attended an elementary school there until he left at 5th grade following his father...

His father worked at Ministry of Foreign Affairs.

He worked in Africa, Europe...

He died of lung cancer 5 years ago in Geneva.

What a pity. If he had smoked less and survived until now, he would have gone much higher seeing his brother became the president

Anyway, regarding Park Je-ik ... after leaving Korea following his father, he stayed in Swiss for...

Oh, I see ... ! So, this is when he met the kid ...

?

The kid ? Who is she talking about ?

That is what we've been trying to find out... She has been very quiet.

Was this wiretapped?

Yes, we wiretapped her conversation on phone.

Some months ago, we received a word from a N. Korean defector that she was a very high ranking officer in N.Korea.

If she was a high ranking officer, she didn't have to enter here as a refugee. so we started to keep an eye on her

Few days ago, we caught her reporting your info to someone.

We traced the phone call. And it was a satellite phone call from up there.

It was from Pyongyang ...
